

# Baltimore Ravine

## Specific Plan and Study Areas Final Environmental Impact Report

*Prepared for:*  
**City of Auburn**

*Prepared by:*  
 **PBSJ**

November 2010

FINAL  
ENVIRONMENTAL IMPACT REPORT  
for the Baltimore Ravine Specific Plan and Study Areas Project  
City of Auburn, California

Submitted to:

City of Auburn, Community Development Department,  
1225 Lincoln Way, Room 3  
Auburn, California 95603

Submitted by:

PBS&J  
1200 2nd Street  
Sacramento, California 95814

November 2010

# TABLE OF CONTENTS

<u>Chapter</u>	<u>Page</u>
1. INTRODUCTION.....	1-1
2. TEXT CHANGES TO THE DRAFT EIR .....	2-1
3. LIST OF PERSONS/AGENCIES COMMENTING .....	3-1
4. COMMENTS AND RESPONSES.....	4-1
5. MITIGATION MONITORING PROGRAM .....	5-1

## Appendix

Appendix D URBEMIS Modeling Results (Revised)

# LIST OF TABLES

<u>Table</u>	(organized by Table number)	<u>Page</u>
A	Comparison of Peak Hour Segment Volumes on SR 49 and on Auburn-Folsom Road .....	4-59
1	Potential On-site Diesel Particulate Matter Health Risks.....	4-34
2	VMT, Emission Factor, and Vehicle/Hr Assumptions .....	4-37
5.2-9	Proposed Project Construction Emissions (Unmitigated) in Peak Pounds Per Day.....	2-2 and 4-27
5.2-9b	Proposed Project Construction Emissions (Mitigated) in Peak Pounds Per Day .....	2-3 and 4-28
5.2-10	Full BRSP Daily Operational Emissions – Summer (Unmitigated) .....	2-4 and 4-30
5.2-11	Full BRSP Daily Operational Emissions – Winter (Unmitigated) .....	2-4 and 4-30
5.2-12	Plan Area 1 Projected Daily Operational Emissions – Summer (Unmitigated) .....	2-5 and 4-31
5.2-13	Plan Area 1 Projected Daily Operational Emissions – Winter (Unmitigated) .....	2-5 and 4-31
5.2-19	Total CO <sub>2</sub> Equivalent Emissions of the Proposed Project.....	2-7 and 4-39
5.11-13	Trip Generation Rates or Equations for Full Project.....	2-10 and 4-9
5.11-31	Newcastle/I-80 WB On/Off Ramps (Intersection #1) Under Existing and Post Mitigation Conditions .....	2-11
5.11-34	Newcastle/I-80 WB On/Off Ramps (Intersection #1) Under Cumulative and Post Mitigation Conditions .....	2-11

# LIST OF FIGURES

<u>Figure</u>	(organized by Figure number)	<u>Page</u>
1	Carcinogenic Health Risk Due to Diesel Particulate Matter .....	4-33
3-10	Revised Drainage Improvements .....	2-12
5.7-4	Revised Drainage Improvements .....	2-13
